TEDxJSSATE 2017

A Report

The second edition of TEDxJSSATE, TEDxJSSATE 2017 was conducted in the Academy on 12th November 2017 in the Multi-purpose Hall (MPH) from 9:30AM to 4:00PM. The Principal Dr. G. M Patil inaugurated the event, which was attended by about 10 speakers and 350 audiences.

A brief introduction to TED

TED is a nonpartisan nonprofit organization, owned by the Sapling Foundation, devoted to spreading ideas, usually in the form of short, powerful talks (max 18 minutes). TED began in 1984 as a conference where Technology, Entertainment and Design converged, and today covers almost all topics —from science to business to global issues —in more than 110 languages. In the spirit of TED's mission, "ideas worth spreading," A TEDx event is a local gathering where live TED-like talks and videos previously recorded at TED conferences are shared with the community. If TED is a dinner party at the Buckingham Palace, think of TEDx as a chance of tasting the exact same delicacies at a common hall near you. TEDx events are fully planned and coordinated independently, on a community-by-community basis.

Speaker's profile

TEDxJSSATE2017 has been an awesome gathering, brilliant speakers and mind-blowing conversation intent on unleashing new 'ideas worth spreading'. All the speakers presented their views from their life journey around the event theme; "**KNOW NO BOUNDS**". A brief profile of speakers is as follows:

1. **ANIKET JOSHI:** Aniket Started learning music at the early age of 8 years. The first instrument I learnt was a keyboard. Thereafter learning new instruments became an event of curiosity and passion. He can play 10 different Instruments. He holds a B.Tech. degree in Mechanical Engineering and presently perusing MBA.
2. **GAURAV CHAUDHARY:** He is one of the very famous YouTuber (runs youtube channel TechnicalGuruji). He currently resides in Dubai and comes with a Daily New Video on his Channel on Tech News and Tech related videos, Reviews and Un-boxing of New Gadgets / Mobiles / Laptops / Camera etc. He completed his MTech in micro electronics from BITS Pilani DUBAI. His videos are really easy to understand and very informative. He encouraged Hindi language on YouTube and many youths take inspiration from him. His TEDx talk can be aptly named as "Technology is my best friend".
3. **SHORYA MAHANOT:** Abstract painting has the power to address ideas and emotions from the deepest level of human consciousness. Shorya Mahanot from India has been astounding people's minds with his masterful brushstrokes, colorful composition and

symmetry in abstract paintings, over the time of 7 years. Dubbed as “**World’s Youngest Signature Style Abstract Artist**”(Google Search Results, 2012) and “**India’s Child Picasso**”(The Guardian, July 2012, London Ed.), Shorya has been winning laurels from a tender age of three with his luscious use of colours and expressiveness on the canvas. A featured artist at the Holtzman Gallery now, he had made his international debut in U.S.A. in March 2013 when his paintings were selected as “Best of Art Expo 2013”. Since then, Shorya has been a tour de force in the league of abstract artists with a unique signature style. His paintings have been auctioned and exhibited at Spectrum, Miami and in events like Celebrity Chef Gala for Autism Speaks Foundation. Till date, his paintings have fetched \$ 45,000 across different events and art exhibitions, over the world. Keeping up with new age and technology, the small wonder also collaborated with Microsoft to create abstract paintings digitally, a rare feat achieved at this young age.
